

CIELO™ 2

For precious moments

Siemens Hearing Instruments
Better hearing is better living.

SIEMENS

Being in the moment.

Spending time with family and friends, enjoying favorite pastimes and interests – these are some of the most meaningful and rewarding moments in our lives. In order to appreciate these special moments, Siemens has developed CIELO™ 2, a new family of hearing solutions. CIELO 2 was designed to help people with hearing loss fully savor the special moments that make life so precious.

A lovely day

A close-up photograph of a woman with blonde hair and a young boy with dark hair, both smiling and looking down at an open book. The woman's hands are visible, holding the pages of the book. The boy is wearing a blue denim shirt. The scene is warmly lit, suggesting an intimate and focused reading time.

Data logging

Optimizes fitting accuracy and effectiveness by collecting information on hearing preferences in various listening environments.

Automatic and adaptive directional microphone

Improves speech understanding in noisy situations such as parties, weddings and gatherings.

Speech and noise management

Reduces unpleasant background noise while simultaneously enhancing speech, so noisy situations are comfortable and more pleasant.

ePocket allows convenient and easy volume control adjustment, program change and battery status readout.

CIELO 2 HS

CIELO 2 ITE

AutoPhone

Provides easy and automatic operation during telephone use – phoning has never been more convenient and enjoyable.

Wind noise reduction

Reduces wind noise automatically to make sure that outdoor activities are completely carefree and pleasurable.

ePocket™ remote control

Provides convenient, discreet and simple access to instrument settings enabling effortless communication.

Hearing instruments may help people hear better, but no hearing instrument can solve every problem or restore hearing back to normal.
